# Technical Specifications

# Model JCTR301

Add a pop of personality with Cricut Joy™ 2! Available in a range of bold colours, the next generation of our ultra-compact cutting machine is perfect for quick, everyday projects like custom cards, full-colour stickers, simple decals & labels. Plus, Cricut Joy 2 comes with must-have materials and tools, so you can start making right out of the box. At 4 and a half inches, it's our smallest cutting machine, but don't be fooled by its size – this machine has huge potential. From organising your home to making last-minute cards, Cricut Joy 2 is the ideal machine for crafting in any space in your home.
